

Arizona Congressional District 5 Communities Benefit From LSTA Funds

Federal funds administered by the Institute of Museum and Library Services provide access to electronic resources and literacy programs for all Arizona citizens. In addition, funds are distributed to community libraries through competitive subgrants. Between 2014 and 2016, CD 5 libraries used LSTA awards to:

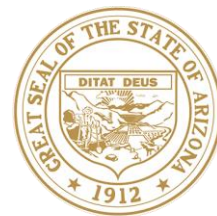

- Improve the basic skills and knowledge of toddlers and preschoolers, and promote school readiness.
- Provide instruction on mobile technology for older adults.

Mobile Technology Classes at Mesa Express Library

The goal of this project is to encourage parents and students to make greater use of the libraries available to them, develop a literacy-centered mindset in the home, and reinforce or establish a love of reading and learning.
